## Pulse polio campaign in TN on March 10

The State government has set up 43,051 booths in all Primary Health Centres, Government Hospitals, Integrated Child Development Scheme Centres, Noon Meal centres, schools and other important places, as part of Nationwide Intensified Pulse Polio Immunisation campaign on March 10.

According to a release from the government, all

children in the age group of zero to five years will be given polio drops. Immunisation booths will function from 7 am to 5 pm.

Children immunised recently under routine immunisation schedule and all newborn should also be given polio drops on the campaign days.

The release further added that, 1,652 transit booths will be functioning at ma-

for bus stands, railway stations, toll plazas, check posts and airports during the campaign days, to cover the children during travel. Over 1,000 mobile

teams have also been formed.

About two lakh personnel from health department and others, will be working on the campaign day.

**42,000 COPIES**

Everwin School students of the VII to X standard got an opportunity to visit the Anna Centenary Library, South Asia's largest Library at Kotturpuram as part of their field trip recently.

MKP Nursery and Primary School conducted a free dental camp to their students and parents at the school premises in Mogappair.

Velammal Main School, Mogappair celebrated its 33rd annual day – MOJO 2019 and Vel's Maha Utsav in the school premises on Feb 9 in the presence of Dr. N Dilipan, IRS (Asst. Commissioner of GST & Central Excise) and Mr Unnikrishnan (Indian carnatic vocalist & playback singer). The documentary showcased the key achievements of the school. The *salangai pooja* and *arangetram* reminded the spectators of the nuances of Indian classical dance. There was a yoga demonstration and a fusion dance. To top it all *Varnaa*, a display of exquisite and exceptional 1001 paintings won the hearts of many gathered at the venue.

## A children's cycling lane in the heart of Anna Nagar

By N Rathi Chithra

Residents of a posh locality in Anna Nagar have shown some concern for the joys of childhood by creating a cycling lane in the neighbourhood. And to ensure that the children have a safe and happy bicycle ride they have restricted the speed of motorised vehicles to less than 20 kmph (kilometres per hour). What's more? They have ensured coverage by Closed Circuit Television (CCTV) cameras in the area as well.

This children's cycling friendly lane is in AF Block 7th Street in Anna Nagar, which falls under the jurisdiction of Ward 99, Divi-

sion 21 and Zone 8 of the Greater Chennai Corporation. A signboard installed on the corner of the entrance of the AF Block 7th Street road reads: "Warning. You are under CCTV surveillance (in Tamil as well). Attention. Children cycling area. Speed limit 20 kmph".

The initiative of this posh neighbourhood has been hailed by many. And the children are happy too. "In our childhood days, Anna Nagar was such a quiet neighbourhood with just a few motorist vehicles that would hit the roads only occasionally. We were able to freely cycle our way all over the neighbourhood. Not just that, we even used

to have cycle race including the slow cycling race without any fear of any speeding car or motorcycle playing spoilsport in our adventure. Nowadays, things have changed completely with the number of motorists increasing and vehicles are being driven in the neighbourhood all through the day and even at night making cycling out of question," said Chiranjeevi, a resident of Anna Nagar. "I am excited that there is this neighbourhood where they have so thoughtfully placed a signboard to avoid speeding so that the children could enjoy cycling," he added.

Two boys, who were seen happily cycling their way up and down the street when *Mogappair Mail* visited the locality recently. "Unlike my school friends who don't get to cycle much, here we can happily pedal our way as motorists are sensitised not to drive fast. Of course, occasionally strangers speed past us but so far there have been no major issues," said one of the boys.

## An elusive wait for piped water connection

By Our Correspondent

In a strange case, residents of the Golden Jubilee Flats located on Padikuppam Main Road off Thirumangalam-Mogappair Road, have been denied piped water connection to their apartments for nearly 30 years now.

The Golden Jubilee Flats, comprising 426 apartments, was constructed by the Tamil Nadu Housing Board in the late 1980s and by the early 1990s all residents had moved into their homes. However, they were in for a shock as piped water connection was not provided to their homes. The Chennai Metropolitan Water Supply and Sewerage Board (CMWSSB or Metrowater as it is known in common parlance) has denied them piped water supply connection as a section of residents have not paid their water and sewerage taxes. The Board has taken the position that the entire housing complex is a single unit and even if there are some defaulters in tax, then piped connections can't be provided.

This stand of the Board has put a majority of the residents, who have been dutifully paying their water tax every time the Metrowater presents its bill, to great hardship.

"I am one of those inhabitants in this apartment complex who has paid all my taxes honestly to this date without even availing water connection. Can you believe this? Even recently, the Metrowater increased their tax slabs and I paid up the dues too. Yet I am suffering because of the default by a few and the Board is not considerate to our pleas to provide the honest tax payers their rightful water connection. This is a very long battle our welfare association secretary Pathy has also been waging on our behalf," said a senior citizen and resident of an apartment in Golden Jubilee Flats, who did not wish to be named.

Due to this residents are now shelling out money as part of maintenance charges to buy water. Inquiries with residents revealed that they are paying Rs 500 every month to the welfare

association to get water. "The water from tankers are offloaded into huge tanks kept in a cluster of blocks. And then the domestic servants bring two pots of water to each household. We have to pay differential charges to the maids ranging from Rs 150 to Rs 220 every month to fetch the pots of water depending on which floor our apartment is located," explained another resident, who too wished to remain anonymous. Metrowater officials could not be reached for comments.

## Dolphin swimmers hog limelight

SDAT- Dolphin Swimming Academy won the overall championship with

551 points at the 13th Tamil Nadu State Short Course Swimming Cham-

pionship organised by the Madurai Aquatic Association in Madurai on Feb 9 and 10. The boys claimed 269 points while the girls totalled 282 points. Four meet records were rewritten and four secured the

individual championships. On the whole the swimmers pocketed 71 gold, 31 silver and 28 bronze. The winners are being trained by KT Muraleedharan and Mrs Rani Muraleedharan, both NIS trained coaches.

## COLLECTOR NAGAR'S DAILY LABOURERS' MARKET HIT HARD

By N Rathi Chithra

The daily labourers' market in Collector Nagar has been hit hard by the slowdown in the construction sector. Every day hundreds of men and women, who eke out living as daily wage construction and allied sector labourers, gather at Collector Nagar in the morning. The labourers then wait for employers to arrive and choose the number of labourers they would like to hire for the day.

From there they are taken to various construction sites and engaged in different capacities such as masons, helpers and plumbers.

However, of late, the labourers complain that they are not finding daily jobs as frequently as they used to previously.

"From the time the Rs 1,000 and Rs 500 currency notes were demonetised, our labourers' market has been hit by an overall slowdown. We are finding it difficult to get

hired. Making ends meets is now a herculean task for us," said a labourer, who identified himself as Murugavelraj.

Labourers say that the increasing cost of sand and of late spiralling prices of cement has led to a further slowdown in the construction sector. "When the industry is hit, our job too gets affected. Ours is a rather pathetic situation as we don't work for a supervisor or contractor. Each of us here is an independent labourer who offers his/ her services on a

daily wage basis. So there is no guarantee of job for us. If we don't get hired for a day, we lose our wages for the day. Such is our plight," said his friend Jaishankar.

"From the time I became aware of what life around me was, I have been dependent on this daily wage job for an earning. I used to stay at the Round Building near Collector Nagar and come here in the mornings. But now I have shifted to Ambattur because the house rent here is very high, which I

cannot afford. But after moving to Ambattur, I come to this Collector Nagar spot spending about Rs 30 by share auto rickshaw every day and wait for the job. On days when I don't get hired, I lose out the money I spend for commuting," said Parimala, another daily wager.

The workers said unless the market revives and they find daily jobs more frequently they will be at the mercy of usurious money lenders to lead their lives.

## JIT hoopsters retain title

Jeppiar Institute of Technology (JIT) Sriperumpudur, emerged winners in the South India Inter collegiate Basketball tournament for the Dr Mahalingam Trophy, for the second time. The tournament was hosted by Kumaraguru College of Technology, Coimbatore. JIT boys won all the matches in the league-cum-super-league tournament. In the final JIT comfortably beat SRM, Chennai 83-65. They lifted the trophy and a cash prize of Rs 20,000. Jeppiar team's Anand was declared player of the tournament. Mr Marie Wilson, Director, JIT felicitated the winners.

## As Metro Rail expands, phone connectivity still patchy

By Our Correspondent

The recent completion of the Chennai Metro Rail Phase 1 network has improved connectivity for people living in and around Anna Nagar and Mogappair and has no doubt made commuting to places such as Madras High Court or Broadway, Manali and Washermenpet easier. However, one connectivity issue that remains a concern for Anna Nagar residents is the patchy mobile phone network while travelling on the underground stretch of the Metro Rail.

The entire stretch from Anna

Nagar Thirumangalam Metro Rail station to Washermenpet Metro – essentially connecting the western part of the city with north Chennai – is underground. At some places like the Chennai Central Metro the station is located at least 200 feet below the road level. And commuters are complaining that due to this their mobile phones cannot be used while on the Metro train.

"I took the inaugural train from Thirumangalam Metro to Madras High Court on Monday to meet my lawyer. While on the train my advocate had tried to call me to reschedule the appointment but she was unable to

reach my mobile phone. When I reach the court and called him, she said the hearing in the case had been put off. Only when I returned by the Metro back home, I realised that the mobile phone network was not available on the underground stretch," said Selvakumar, a resident of Thirumangalam.

Many other commuters lamented that they were not able to use the mobile phone on the underground stretch. "In Bengaluru and New Delhi, I did not face any such issues while travelling on the Metro Rail. Here I found it strange that I remained out of bounds to my family and

friends for the 20 minutes I was on board a Metro Rail from Thirumangalam to Chennai Central," said Sankaran, another Metro Rail commuter from Anna Nagar Tower station.

When asked a Metro Rail staff at the Thirumangalam Metro Station said, "It is true that many mobile phone networks don't work on the underground route, unlike the elevated stretch from Chennai Airport to Koyambedu. Only one private service provider's mobile phone network works on the underground stretch. Senior officials told us that efforts are on to resolve the issue. The officials are

talking to representatives of other private and public sector mobile phone service providers to enhance connectivity."

## By night this road turns into a BUS PARKING ZONE

By N Rathi Chithra

As the night sky opens up with stars shining bright and the neighbourhood falls asleep, a stretch of the Thirumangalam-Mogappair Road on either side becomes an unofficial parking zone for private buses and mini-buses. A row of these vehicles end up being parked on the stretch from near the Tamil Nadu Electricity Board office close to the Thirumangalam bus stop onwards on the left hand side. Likewise, on the opposite side the buses and mini-buses are stationed on the side of the road from the beginning of the Welcome Colony.

These vehicles remain their overnight and are slowly moved one by one in the morning. But if it happens to be a holiday they continue to remain positioned on either side of

the main road that connects Thirumangalam to Mogappair East, West and Ambattur Industrial Estate.

All these buses belong to either private companies, to some educational institutions and a few travel operators. They are used to ferry employees of companies and students to factories / campuses and back. The mini-buses are mostly used to pick up and drop school children in the numerous institutions that function in and around the neighbourhoods of Anna Nagar and Mogappair. Some of them are even used for facilitating the travel of government employees from the neighbourhood to their offices located on Anna Salai and the like.

"We don't have any depot to park our mini-buses. Our area of operation is also in and around Anna

Nagar and Mogappair, so we don't find it feasible to park our vehicles in some other neighbourhood away from here. After all it is a matter of a few hours in the night that our vehicles are parked here," said Kaja Mohideen, a driver of a mini-bus.

Asked if parking the buses and mini-buses don't cause inconvenience to road users, his friend, who did not want to be named, argued, "As you can see we have parked the vehicles only the sides of the road. The Thirumangalam-Mogappair main road is fairly wide and has two-way traffic. So no one is actually affected by our parking the vehicles at this spot." Besides, Mohideen added: "We are only offering our services to people in the neighbourhood. So parking here also ensures that our pick-ups are not delayed."

## POTHYS HONoured WITH TOP AWARD

POTHYS, the textile giant have been honoured in the large manufacturer and retailer category for highest use of the Silk Mark label. Mr S Ramesh, Managing Director, Pothys received the award from Mrs Sushma Swaraj, the Minister of External Affairs at a glittering function held in Vigyan Bhavan, New Delhi on Feb 9. Mrs Smriti Irani, Minister of Textiles presided over the event titled Surging Silk -- Accomplishment and Way Forward, organized by the Ministry of Textiles in association with Central Silk Board.
